

# **ASSESSMENT**

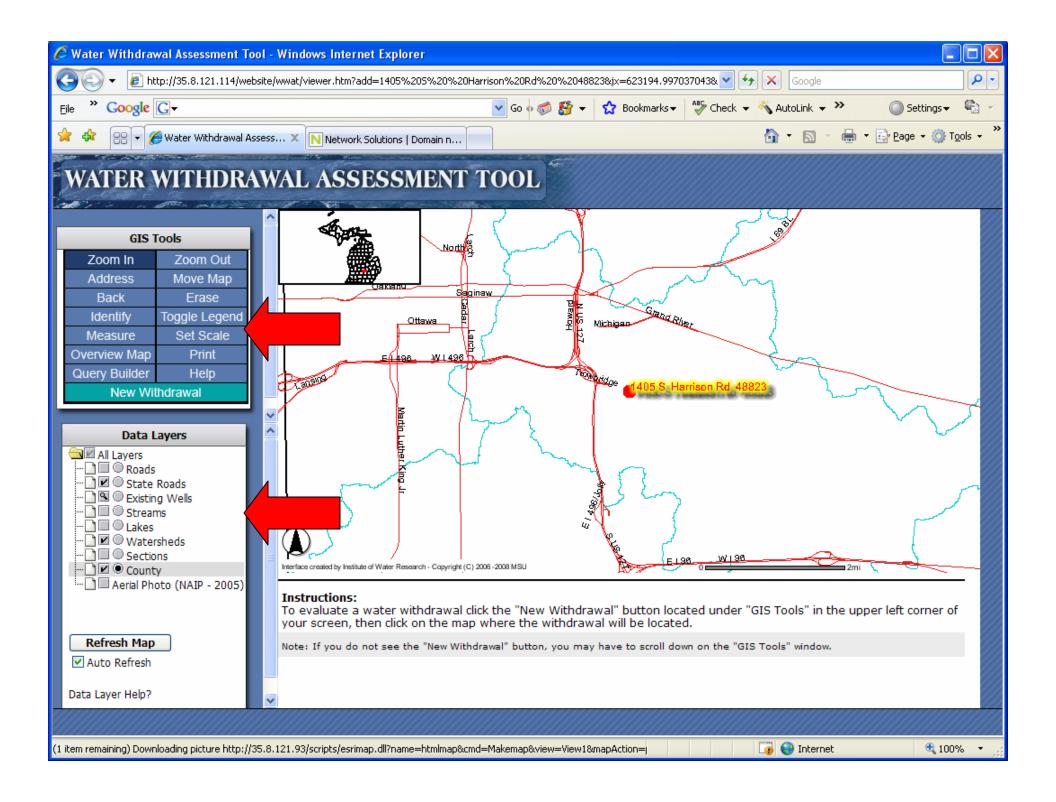

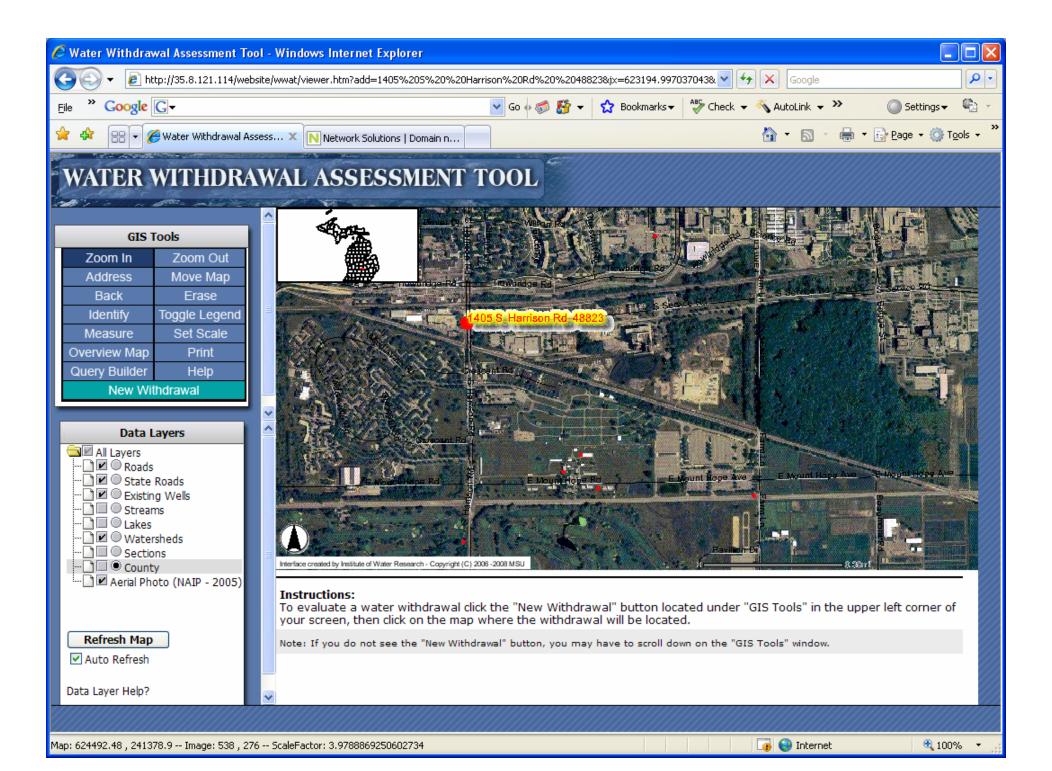

### Water Withdrawal Assessment Tool conceptual model

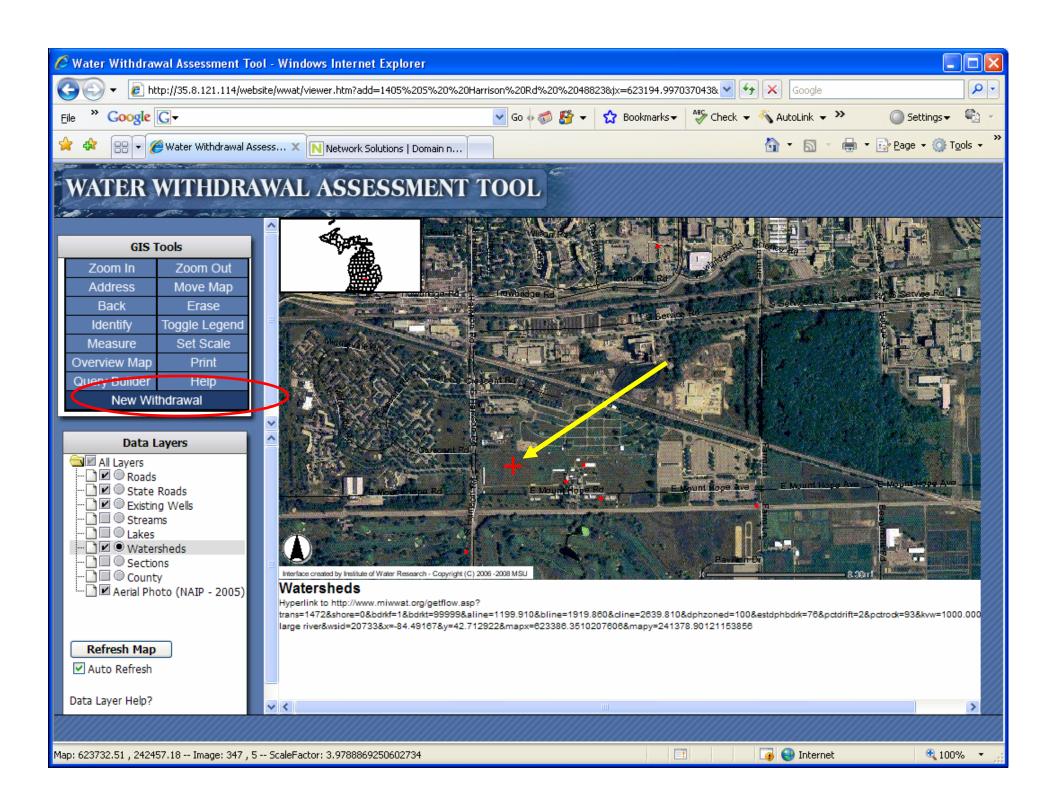

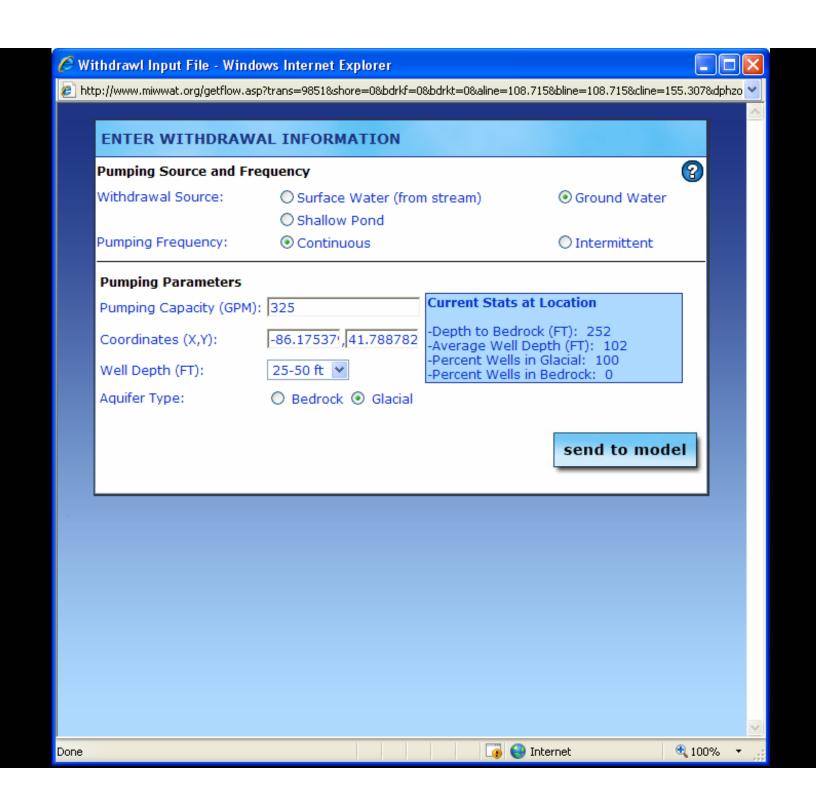

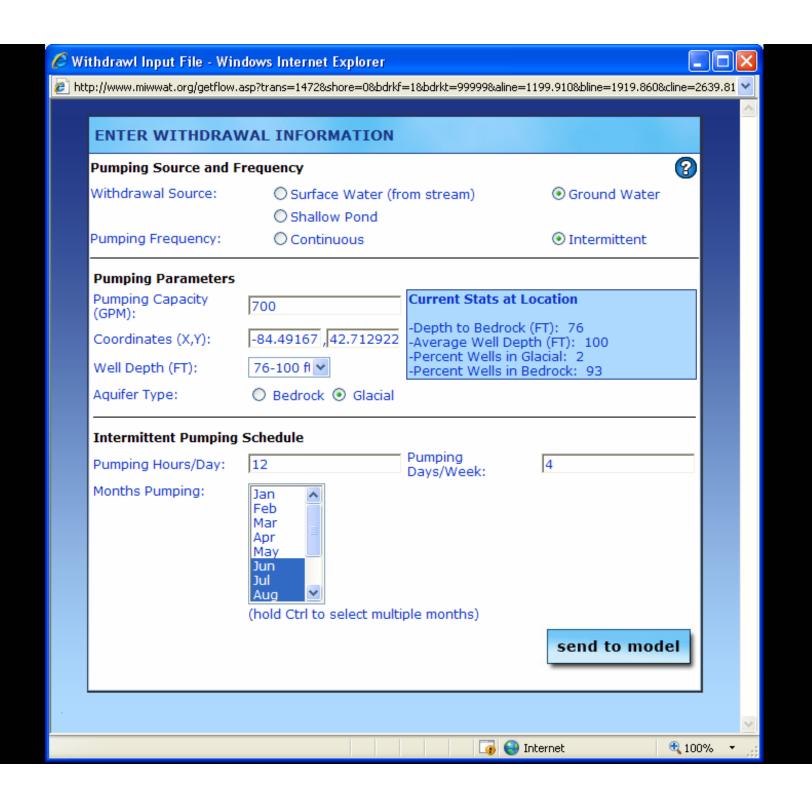

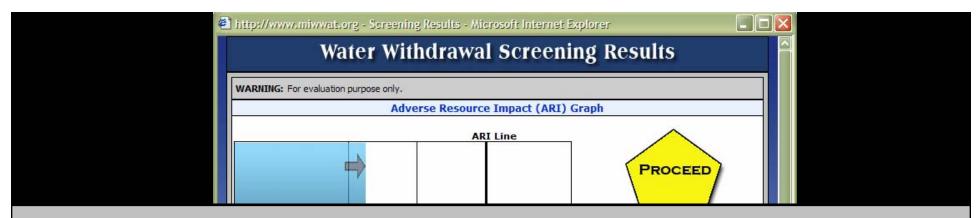

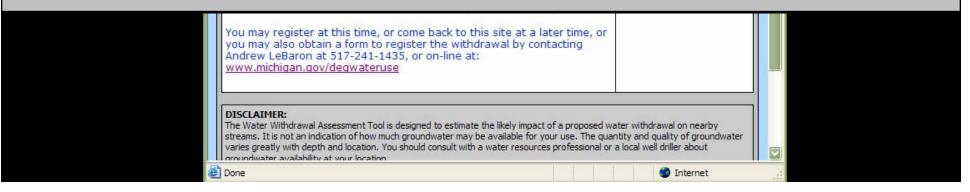

### **DISCLAIMER:**

The Water Withdrawal Assessment Tool is designed to estimate the likely impact of a proposed water withdrawal on nearby streams. It is not an indication of how much groundwater may be available for your use. The quantity and quality of groundwater varies greatly with depth and location. You should consult with a water resources professional or a local well driller about groundwater availability at your location.

## REGISTRATION

#### WATER WITHDRAWAL ASSESSMENT TOOL Go Back Registration Form Welcome to the water withdrawal registration form. By completing and submitting this form, you will register your withdrawal with the Department of Environmental Quality. **Reporting Information** Registration Certification Yes Are you the owner or an authorized representative of the property where this withdrawal will be located? ONo Receiving Agency Yes Is the proposed withdrawal for an agricultural purpose\*? O No \*Agricultural purpose includes the commercial production, harvest, and storage of farm products, such as grain and feed crops, forage and sod crops, dairy and livestock, poultry, fruit and vegetables, fish, and nursery stock.
